

XSLATE R12 SECURE MOBILE DOCK

ACCESSORY SPECIFICATIONS

The XSLATE R12 Secure Mobile Dock is designed to be a rugged docking solution for in-vehicle and forklift use of the R12 Tablet. It offers full port replication, an optional second battery charging bay and is easily mounted using a standard VESA pattern (75mm x 75mm). A secure latch offers simple, one-handed docking and undocking and the integrated key lock provides increased security.

The XSLATE R12 Secure Mobile Dock is designed to work with the family of R12 accessories including the R12 Slatemate™ and R12 Work Anywhere Kit.
