

CL-Series Mobile Dock w/ Key Lock

The CL-Series Mobile Dock w/ Key Lock is a durable docking solution for the Motion CL-Series and CL-Series SlateMate Tablet PCs. The CL-Series Mobile Dock w/ Key Lock includes 2 USBs, Ethernet, charging capability and is convenient to mount using a standard 75mm VESA hole pattern. A secure latch offers simple, one-handed tablet docking and undocking, and the integrated key lock provides increased security. Integrated cable management ensures input devices remain connected while installed in the dock. The CL-Series Mobile Dock w/ Key Lock is ideal for in-vehicle mounting. Non-Powered Cradle and factory integrated Blank-IT screen blanking software options are available.
